

SLS 2009 TARGET SHOOTING ACTIVITY CAMP May 8 – 10, 2009

Attendance at this camp is limited to **144 Shooters (72 in the am & 72 in the pm)** therefore it is important that we receive accurate numbers for those wishing to participate. All groups wishing to attend will have to contact George Prime prior to the event and advise if they wish to participate in the a.m. or p.m. shooting activities. I will get back to them prior to the event to advise them as to when they are scheduled to shoot. Please advise your youth that they may be split from their group in order to schedule shooting. Every effort will be made to minimize such occurrences.

All organized activities will be on **Saturday May 9**; however, the site will be open from **Friday May 8 to Sunday May 10** for those groups who wish to have a weekend camp in association with the organized shooting activities on Saturday. Opening will be on Saturday and those groups camping for the weekend and wishing to have a Scouts Own or a Campfire will have to organize it themselves. It will not be organized by the Camp Chief. Planned shooting activity will be with .22 >s but details are still being finalized. The Scout section will also run its own Archery and sling shot Range. All groups will have to provide their own lunch on Saturday. Range Safety Training will be provided to the youth prior to the start of activities. BP&P stipulates that youth must be registered as a scout or above to take part in any shooting activity; therefore, **do not take Senior Cubs to this camp**. To be considered a registered Scout the youth must have been originally registered as a Scout for the current Scouting year.
