

Winter-Lune -Icicy '09

Directions to trailhead:

Take Hwy 400 north (after you pass Duckworth exit at Barrie, make sure you take the 400 extension to Sudbury!)

Stay on Hwy 400, until Exit #174, Regional rd 33 (South Gibson Lake road)

Follow S.Gibson lake road east, right to the end.

It ends at a small turn-about. You are there!

Travel time is approx one hour from Bradford.

** Note, there is parking for a small number of vehicles, if there is no room, you can drop your gear and then park back along the road at one of the parking areas!

Reg Rd #33 (S. Gibson Lake Road) is plowed and sanded but is quite often snow covered! Please use common sense when driving on this road! It winds and curves, the ditches are often snow filled. It is approx 5 km in, so take your time! Stay under the speed limit for safe travel!

Check “Google Maps” or “Mapquest”,

We strongly suggest you contact either Rick Jones (905-775-9245) or Mark Hayes (905-775-4186). That way we know to wait for you!
