

## Winter-Lune-Icey '09

**Saturday January 17<sup>th</sup>, 2009 to Sunday January 18<sup>th</sup>, 2009**

**The first SLS event of the year! 4<sup>th</sup> Annual, Winter-Lune-Icey.**

**You know the rules!** – Come self contained!

- Expect nothing to be provided for you!
- Camping on Crown Land
- Hike (snowshoe or ski) in, hauling or carrying  
ALL your gear in with you!
- Route will be about 2-5 km, along a rough trail
- No drinking water provided for you
- If you want fire wood, you will have to collect it!
- **No cost!**
- Saturday night we are again having a “stone soup”  
Bring something to add to the pot, if you want in.

\*\* We will meet at the Trailhead at 10:00 am, Saturday morning. We can go in together. **If you are planning to attend, it is a good idea to let us know!** That way we know to watch for you or can pass on any new updates!

**Expect snow!** If any area in Ontario has snow, it will be here! Expect more snow than you have in Newmarket and temperatures just a bit cooler.

Remember, Scouts and Venturers are all welcome! (So are Leaders, even if they don't bring their youth!)

Hope to see you all (well, some of you?) there!
