

Shining Waters Council Presents
Outdoor Skills Workshop

October 14 -16, 2011
Camp Wildman

THIS IS A WEEKEND FULL OF HANDS-ON OUTDOOR SKILLS!

Designed to increase your comfort level in a variety of skills and give you confidence to teach these to the youth! Our goal is to present Outdoor Skills in a fun and exciting way so that you may take these practical skills back to your youth and adult leaders. Every session will incorporate ideas or activities to make learning fun.

Who should attend: (open to all new or experienced, registered leaders)

- ✓ Perfect for **ALL LEADERS** who wish to enhance their skills required for the outdoor activities of their program.
- ✓ Excellent refresher course for **ALL EXPERIENCED LEADERS** who would like to brush-up on particular outdoor skills or take them to the next level.

What will be covered:

Camping, cooking, knots, map reading, compass use, setting up a campsite, use of axes/saws/knives/stoves, plant/animal identification, fire building, building shelters, pioneering – just to name a few of the outdoor oriented skills that leaders are expected to have and in turn teach to the youth.
